

Etta Go Battlecard

Solution Overview

Etta Go is a self-service, easy-to-manage, online booking tool your TMC has purchased which is designed for small customers looking for a self-managed travel booking and management solution. Coupled with your TMC services, Etta Go provides an end-to-end travel booking and management solution your customers can rely on.

Key Features

- Integration with Google ITA flight search results for lowest and best fares – which means users are less likely to search online for a better price (search by fares or by schedule)
- The HelpMe features guides travelers step-by-step through booking and managing their trips
- Apply customer and TMC negotiated rates for additional savings on every trip booked.
- Easy-to-use policy configurator for fast travel policy set up
- Real-time access to your travel spend and visibility into user engagement

Why Etta Go?

- Create your site, set your policy, and invite your users in 10 minutes or less
- End-to-end travel itineraries aligned to preferences and corporate travel policy
- Robust content with search results from Google, Sabre, Travelport and Amadeus
- Personalization with preferred air, hotel and car recommendations
